

RV-EXT-CNR INSTALLATION SHEET

The Redvision Extended Corner Bracket; RV-EXT-CNR, provides an elegant corner mounting option for the RV-EXT-WALL Bracket. The RV-EXT-CNR can be inverted providing options for mounting the camera in a hanging or upright configuration.

Fixings (4 per side) required to mount the corner bracket to a building or structure will depend on the fixing surface. It is important to use adequate quality fixings to safely support the complete dome and bracket assembly.

Attach the RV-EXT-WALL to the RV-EXT-CNR using the supplied M8 fixing kit.

Contents

- 1 x Extended Corner Bracket
- 3 x M8 x 25 Hex Head Screws
- 3 x M8 Plain Nuts
- 6 x M8 Plain Washers
- 3 x M8 Spring Washers

The Extended Corner bracket is suitable for mounting X-Series cameras in both hanging and upright orientation.
