

RV-WASH INSTALLATION SHEET

Redvision Washer bracket/nozzle assembly provides a Wash facility for X-SERIES cameras mounted on Pedestal(RV-PED), Swan(RV-SWAN) and Wall (RV-WALL) brackets. Bracket is designed to be clamped by 2 of the 4 fixings(illustration RV-PED).

Stainless steel bracket to be folded by hand so that the jet is conveniently positioned without obscuring video and within wash range, Wash is activated via an RVX-ALM-16 PSU relay output and preset selection.

Contents
